

GROWING WITH JESUS

It takes a lot of growing for a tree to reach the sky
It takes a lot of rain to help it grow
It takes a lot of running for a child to catch the wind
It takes a lot of walking to learn to run

And I'm growing in Jesus.
Getting stronger each and every day in every way
'Cause Jesus is growing in me.

Many times I've been discouraged
When the rain got in my way
I didn't know that it could help me grow
And every time I run ahead
I always missed a turn
And end up looking back with what I've learned

And I'm growing in Jesus
Getting stronger each and every day in every way
'Cause Jesus is growing in me.
